PHONE CALL  DISCUSSION  FIELD TRIP  CONFERENCE  
 OTHER (SPECIFY)

(Record of item checked above)

TO: H. Sauk Village / General

FROM: Charles T. Grigalausk  
Physical Scientist

DATE: 6/1/79

TIME: 10:00 a.m.

SUBJECT

Sampling of public water supply system.

SUMMARY OF COMMUNICATION

Richard Powell with the IFFA-DPWS and the author met with Village officials to discuss the sampling procedures at the Gomez residence.

A seven day composite sampling of the water distribution system started today. The Sauk Village Water Department will take the samples in containers provided by the IFFA.

HEPA will conduct organic and inorganic analysis of the samples. USEPA will run gross alpha and gross beta radiation counts at the GEL or EERF in Montgomery, Alabama.
